THE FINANCIAL REVOLUTION IN A SINGLE TOKEN

## [Instructions for exchanging for the new USHARK token](#)

To swap the old USH and USHA for our new USHARK tokens, a ticket must be opened via our ticket system. Tickets can be written in German or English.

A ticket can be opened via the following link:

<https://ushark.org/tickets/>

### First Step

Klick on the right corner “Shark Portal” and create a native wallet for the uShark Portal.

The screenshot shows the Shark Portal website interface. At the top left is the Shark logo. A navigation menu includes: Startups, Token, NFTs, Partners, About, Blog, FAQ, Ticket-System, and Tutorials. In the top right corner, there is a button labeled "Shark Portal" with a user icon, which is highlighted by a red arrow. The main content area features a "Please sign in" form with input fields for "Username / Email address" and "Password", a "Remember me" checkbox, and a "Sign In" button. Below the form are links for "Forgot your password?", "Sign-in using one time password", and "Create new ticket as guest". A prominent message states: "Please open a ticket as a guest. The login will not work." Below this is a personalized message: "Dear Sharkis, If you create a ticket, please also fill out the fields such as wallet, where the tokens are located and which wallet they should be transferred to, how many tokens you have. (The fields are there for a reason) It would make our work a lot easier. Thanks". At the bottom, there are two download links: "Instructions for exchanging for the new USHARK token - Download" and "Anleitung zum Tausch in den neuen USHARK Token - Download".

Then click on "SIGN UP" and create a new account with your E-Mail address.

The image shows a dark-themed login and sign-up form for the uShark Web3 Platform. At the top center is the uShark logo. Below it, the text "uShark - Web3 Platform" is displayed. There are two buttons: "LOG IN" and "SIGN UP". A red arrow points to the "SIGN UP" button. Below the buttons are two input fields: "Email" with the placeholder "you@example.com" and "Password" with a masked field of six dots. At the bottom is a large white button labeled "CREATE ACCOUNT".

Klick on the Menu an on "My Token Wallet"

## Second step

To be able to create a ticket, click on “Create new ticket as guest”. (The login data from the presale portal will not work.)

Then fill out the relevant fields on the ticket page. Importantly, the name and email address must be the one from the presale so that we can assign the data.

If you haven't done so before, everyone needs to create a Tron wallet address. You can do this either via the Tronlink app or via Trustwallet. No withdrawal is possible without a Tron wallet address.

Tickets are processed one by one by our support team. Processing time depends on the volume of tickets received. If you have any further questions, we will answer them accordingly via the ticket. (Check the spam folder every now and then). If all the information is correct, the ticket will be closed and payment will usually be made within 24 hours (except on Sundays and public holidays).

### Conditions for swap:

- All tokens are exchanged 1:1
- If the number of tokens exceeds 2 million, 2 million tokens will be paid out immediately and the rest will be paid out over 5 months at 20% per month. Example: You have 3 million tokens then you will receive 2 million immediately and 200,000 tokens over 5 months.
- All tokens purchased from December 11th, 2023 will not be recognized.
- If attempts at fraud are discovered, we will reserve the right not to carry out an exchange.

Disclaimer: uShark assumes no liability for incorrect information provided, such as an incorrect wallet address.
